**STATEMENT OF APPELLANT**

**TO: THE BOARD OF ZONING APPEALS**

Referring to the application for Variance(s), I submit the following factual statements to support the required conditions for granting the Variance(s):

<b>JUSTIFICATION FOR VARIANCE</b>
<p><i>Section 903.21 requires that a written application for a Variance be submitted demonstrating all of the following points. Applicant must provide their own responses to all of the following criteria statements. Section 903.2 states that "The Board of Zoning Appeals shall not grant a Variance unless and until the following conditions are satisfied:"</i></p> <p><i>(Please respond to each condition statement in the area provided - use additional paper if necessary.)</i></p>
<p>(a) That special conditions and circumstances exist which are peculiar to the land, structure, or building involved and which are not applicable to other lands, structures or buildings in the same district.</p>
<p>(b) That literal interpretation of the provisions of the ordinance would deprive the applicant of rights commonly enjoyed by other properties in the same district under the terms of this ordinance.</p>
<p>(c) That the special conditions and circumstances do not result from the actions of the applicant.</p>
<p>(d) That granting the Variance will not confer on the applicant any special privilege that is denied by this Ordinance to other lands, structures, or buildings in the same zone. No nonconforming use of neighboring lands, structures, or buildings in the same zone, and no permitted use of lands, structures, or buildings in other zones shall be considered grounds for the issuance of a Variance.</p>

I hereby attest that the information provided on and attached to this application is complete and correct.
