

STORIES OF HOPE

REPORT TO THE COMMUNITY

July 1, 2010—June 20, 2011

FY2011 Highlights

The Loudoun Free Clinic continues to provide first rate medical services during financially challenging times. Thanks to your support, we have expanded and improved the delivery of privately funded health care to the less fortunate in our county. Your compassion and generosity have provided tangible help and hope to those in need.

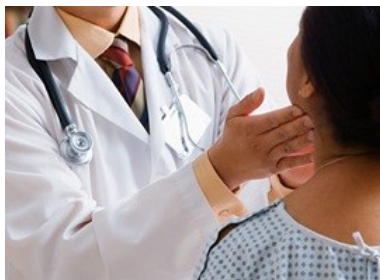

Looking back over the past year, the dynamic growth of our charitable services is reflected in the facts below.

**“Even without knowing me you show me love and give me confidence to go on living.”
-LFC Patient**

- ♥ During FY11, the LFC served 1,540 patients with 2,904 visits— a 57% increase in patients over Fy10.
- ♥ Our volunteers donated over 5,000 hours to the Free Clinic during FY11.
- ♥ In 2010 the Free Clinic hired a Physician Assistant, allowing us to schedule daytime clinics 4 days a week.
- ♥ Over 60 medical professionals donated their time to see patients at the clinic, and 45 local specialty care providers accepted referrals from the Clinic to see our patients in their own facilities at no charge.
- ♥ The Clinic offered patient appointments 35 hours each week, and averaged 60 visits per week for FY11.
- ♥ In Fy11 the Free Clinic delivered \$7.04 in health care services for every dollar spent.
- ♥ Through our work with the Patient Assistance Program and partnership with NovaScripts Central, we dispensed a total of 13,859 prescriptions to our patients. This is an increase of 265% over FY10 and is valued at almost \$2,000,000.00.

In FY11 Loudoun Free Clinic increased the number of patients served by 57%

Our Mission is to support healthcare services for Loudoun County residents who, as a result of economic or other barriers, would otherwise do without.

STORIES OF HOPE

Luisa

A year and a half ago Luisa started to have painful headaches and severe nasal drainage. She went to two doctors and was even hospitalized. Her ongoing condition was attributed to allergies. Luisa struggled with depression and anxiety because no medication seemed to make a difference. She had no health insurance and she was barely able to pay for rent and food, let alone medical care. Luisa's co-worker suggested she go to the Loudoun Free Clinic.

When Luisa first came to the Clinic she met with Bernadette, our Patient Services Coordinator. Bernadette was alarmed by the fluid leaking from Luisa's nose and insisted she have an immediate appointment. The Clinic sent her for labs and X-rays, and arranged for an emergency consult with one of our providers. It was here that surgeons found a skull fracture that left Luisa vulnerable to a wide range of dangerous and life threatening infections.

In addition to the life-saving treatment Luisa received through the Free Clinic, she is being treated for diabetes and hypertension. Like so many of our patients, Luisa had complex and extensive medical needs that went undiagnosed and untreated for years. By the time she came to us she was dangerously ill with a life threatening condition.

LFC was able to provide all of Luisa's treatment and medications through the generosity of volunteers, our medical referral network and our in-kind and financial donors. Bernadette, the staff member Luisa met with initially, has personally delivered medications to Luisa's home when she was unable to come to the Clinic. Luisa's life and health are dramatically improved because there is a Free Clinic in our county.

George

George Wilson worked for years as a custodian at a local school until last year when a stroke left him paralyzed on his right side. Unable to work, he went on disability. He struggled to make ends meet and eventually moved in with his mother. They are a close family and depend on one another in every way. Sharing her home was Mrs. Wilson's way of helping her son. Weeks later, George's mother suffered a stroke.

With both George and his mother stroke victims, life was hard. He came to the Clinic under dire circumstances unable to pay for food, housing, and desperately needed medical care. The Clinic immediately scheduled him for intensive physical therapy. He was also scheduled for consult appointments for cardiology and neurology. There was a wait list, but the day of the appointment finally came. Tragically his brother, who would drive him the 2 1/2 hours to his appointment, died that morning of a stroke.

George ultimately received every consult. He receives outpatient physical therapy and is connected with social services to ensure he doesn't go hungry. The love and support of countless volunteers and staff have provided help and encouragement for George to keep improving. Despite severe personal loss he is hopeful about the future.

*"I no longer feel alone and anxious because I know that you can help me. You are an angel from heaven."
-An LFC Patient*

**Names have been changed to protect privacy. The photos included here is not of Luisa or George.*

YOUR SUPPORT HAS CHANGED HUNDREDS OF LIVES THIS YEAR

*“This is the first
time in my life that*

*I haven’t had
insurance. I don’t
know what I would
have done without
your help.”*

*-Theresa, an LFC
patient*

There is no question that we are living in uncertain times. The status of our country’s economy and healthcare are in crisis. As people continue to lose their jobs and homes they will increasingly turn to the Loudoun Free Clinic for help.

These are REAL people. They live in your community and share your values. Some were born into challenging circumstances while others never dreamed they would one day worry about access to food, shelter and basic healthcare. As a supporter of the Loudoun Free Clinic, be it as a donor, volunteer or community partner, your help goes beyond medical treatment. You offer dignity, compassion and a place where patients feel cared for. Our patients come to us under the most difficult of circumstances, when they are sick and struggling, and when they have lost their ability to provide their most basic health care needs. The Free Clinic offers expert medical care and something that cannot be measured—caring support and a community to which they can turn.

The Loudoun Free Clinic is committed to making sure that no one in our community goes without medical care. This year we have opened our doors to more people than ever before. In the years to come we will continue to invest in our county, not only treating acute and chronic illnesses but promoting wellness and preventing disease. Going forward we recognize and welcome the challenge of growth and the opportunity to further embrace professional service rooted in compassion and volunteerism. Our ongoing vision is to engage our community and harness the skills and brotherly concern needed to help all who seek our services.

Clearly more people are disadvantaged today due to economic conditions, yet Loudoun County continues to grow. Our need for community support is greater than it has ever been. We are honored and blessed by the help you have provided in the past. We hope you will continue to partner with us to minister hope and health to those who turn to the Loudoun Free Clinic.

On behalf of the thousands of people cared for by the Loudoun Free Clinic, we thank you.

LFC Volunteers

Volunteers are the driving force behind our mission to provide free health care services for uninsured people in our community. During FY11, 126 community members donated more than 5,000 hours to the LFC and our patients.

On any given day of the week, a dedicated group of volunteers is at work at LFC treating patients, filling prescriptions, answering phones, conducting eligibility appointments, reviewing test results, scheduling referral appointments, interpreting for patients, filing charts, planning fundraising events and much more.

To all of our volunteers, past and present, we thank you from the bottom of our hearts!

Referral Specialists, Labs & Diagnostic Services

Loudoun Free Clinic is indebted to the following medical practices that provided specialty medical services in their offices for hundreds of Clinic patients.

Jack Ayoub, MD	Gary Kugler, MD	Allegheny Optical
Kevin Bleakley, MD	Sam Mansour, MD	Blueridge Speech & Hearing
Ayman Boutros, MD	Russ McDow, MD	Fairfax Radiology
Parmender Chawla, MD	Roberta Moreland, MD	Inova Physical Therapy
Virginia Chiantella, MD	Ali Moshirfar, MD	Lions Club
Sarfraz Choudhary, MD	Anh-Dai Nguyen, MD	Quest Labs
Ajay Dar, MD	Walter O'Brien, MD	Radiology Imaging Associates
James Gable, MD	Kevin O'Connor, MD	Reston Hospital
Matthew Gavin, MD	Michael Osman, MD	Reston Radiology
Joel Gonzalez, NP	Douglas Richardson, MD	The Urology Group
Van Ha, MD	Jeffrey Sedgewick, MD	UVA
Christine Habib, MD	Joanna Shuman, MD	Virginia Heart
Rodney Kander, MD	Michael Todd, MD	Washington Radiology
Michael Kavanagh, MD	Barry Walter, MD	
Brita Kriss, MD	Sanjeev Wasan, MD	
Alexander Melamud, MD	Tasha Young, MD	

***In FY11 our
volunteers
donated more
than 5,000
hours
valued at
\$150,000+***

The LFC's evening medical clinics start at 5:30 p.m. Most volunteers come straight from work or class and often stay past 9:00. We are lucky to have the support of a group of restaurants, individuals, and community organizations that generously provide dinner for our volunteers:

Costco	Lightfoot Restaurant
Dominion Academy	Palio Ristorante Italiano
Eggspectations	The Rizzardi Family
Del Rio	South Street Under
Galletta's	St. Francis de Sales
La Chocita Grill	The Wheeler Family

I am amazed by the level of commitment from the volunteers. All of these people work with a truly moving sense of compassion for the patients of the Free Clinic. I feel extremely lucky to have found this place to give freely of myself, but as in most volunteer efforts, I have received so much more in return."

-Kim, a Loudoun Free Clinic Volunteer

On April 19, 2010 the Loudoun Free Clinic lost a dedicated physician, ardent supporter and true friend when Dr. Peter Chopivsky passed away following a heroic battle with pancreatic cancer. Dr. Chopivsky served as a volunteer for over eight years and provided care to thousands of patients. He will be remembered for his tremendous commitment to both the Loudoun Free Clinic and the community as a whole.

Over \$2,000 in contributions were made to the Loudoun Free Clinic from the following individuals in memory of Dr. Chopivsky:

Mr. & Mrs. Henry Brown	Mr. & Mrs. K.E. Mitchell
Ms. Patricia Constantino	Mr. Tom Pappas
