Physical Agility Test

The testing of candidates for the position of probationary Firefighter/EMT-Basic, Firefighter/EMSA-Intermediate and Firefighter/EMT-Paramedic for the City of Martinsburg is a difficult task. This test has been designed to evaluate the applicant's talents and acquired talents, ability and capacity for performing the functions required to be a Martinsburg Fire Department member. Testing stations have been specifically planned to evaluate the candidate's ability to perform tasks which have been identified on basis of both importance and frequency and are considered to be critical to the profession.

Applicants are required to perform at extraordinary levels both physically and mentally.
